## Death of E. R. Reynolds

E. R. Reynolds, aged 86 years, an old Veteran of Co. A 47th Regiment, Kentucky Infantry, died at his home in Middletown, Ohio, Friday, November 3rd, after an illness of two weeks. Mr. Reynolds was a resident of Clay City until he moved to Ohio three years ago. He was a faithful Christian until the end and his last words were very consoling. His death brings the deepest sorrow into the many homes where he was well and favorably known and to the surviving widow, six sons and two daughters. To them the deepest sympathy of all is being extended.

Funeral services were held at the Church of God at 2 o'clock Monday afternoon. Rev. Lawson officiating and interment in Woodside cemetery in Middle town.

## Hillenmeyer's Apples

The Times is the recipient of a nice box of apples—Ben Davis and Winesaps—from the splendid little city orchard of Mr. Henry Waldron, this place. They are fine specimens and shows that the Red river valley is a good place to grow fruit, and a small space in the city can be made supply our own fruits, and that Hillenmeyer's fruit do best in this climate.

## Two Men Break Jail

Two prisoners broke jail at Stanton last Friday, but were later captured and returned. A jail contracting concern took \$4,000 of the county's money last spring to make this jail safe to hold prisoners, but instead they will get out every once and a while as they used to do.

## Hunting Season

The hunting season opens next Wednesday the 15th. That persons may not violate the law in killing game we are printing this week the main violations under the head of "Don't Shoot." Read them over carefully before you pick up your gun.

## "Real News"

V. T. Chapman, one of Clay City's live merchants, has a nice advertisement of interesting news to the buying public. Read this ad. on the last page and go to this store for real bargains. Look for his ad. next week.

The Rev. and Mrs. Grant Shoemaker, of Fixer, came down Tuesday for a short stay with relatives near town. Rev. Shoemaker conducted services at the Waltersville school house Tuesday night. A good crowd was present.

Joe Mountz was in Cincinnati Wednesday on business with the Ford Motor Co. While there he got the promise of a new four doorsedan for immediate delivery.

Mr. and Mrs. Wm. Bashaw left today for Toledo, Ohio, to get two new Overland cars. They will drive them through this week.

Elder Crow purchased of M. C. Wilson seven nice yearling calves at \$8.00 per head.

## The Election

Tuesday was a beautiful day for the election, but there was but little interest here since there was but one candidate for Congress—J. C. Cantrill. There were 38 Democrats who voted for their candidate under the rooster at Clay City and two stamped under the log cabin without a candidate.

## Estill Selling Bonds

Estill county has sold \$140,000 of the road bonds recently voted in that county. The Farmers' Bank bought these bonds at a premium of \$3,000. The Farmers' Bank is treasurer of the county. The proceeds of the sale has been placed into the hands of the treasurer.

## Johnson Harris Passes Away

At his home near Kimbrell Wednesday evening Johnson Harris died after nine days illness of pneumonia. He is survived by widow formerly Miss Laura McIntosh. He leaves no children. He was 77 years old.

## Gets Contract

Thos. Edge has been given a contract by M. C. VanCleave to repair his dwelling three miles out on the Irvine road. He will also have some porches built and the house otherwise improved.

## Sells Small Farm

J. N. Burgher has sold his small farm of twelve acres two miles out from town on the Irvine road to James Baker for \$800.00.

## Prize Turnip

This office has received from the farm of Charlie Welch a purple top turnip of perfect shape which is 19 inches around and weighs two pounds. This is the largest turnip we have seen this year.

## Card of Thanks

We wish to extend our sincerest thanks to all who so tenderly and untiringly aided in the care of our dear husband and father, Vernon Faulkner, in his last hours and death.

The Family.

## Protect The Trees

This is the time of the year when farmers and orchard owners must be on guard to keep their fruit trees from being girdled and ruined by rabbits and mice. These rodents often damage trees before owners know it and in some cases do more harm than insects. Fruit trees in some parts of the state already have been almost completely ruined by rabbits and mice. Cleaning the trash and rubbish away from the trees and then placing tobacco stems, newspapers or woven wire netting around them is the best way to keep trees from being damaged by rodents. The wire netting probably is best and will protect trees for from seven to eight years at a total cost of about four cents a tree.

## Robbing the Farmer

Somebody, somewhere is robbing the farmer of his legitimate profits, to the detriment of the nation as a whole.

With the improved methods of agriculture, and the consequent increase in production, the farmers' profits should be far in excess of what they are today.

From one end of the country to the other the consumer continues to pay high prices for farm products, only a small portion of which as a rule goes to the farmer.

Who gets the difference? Who is lining his pockets at the expense of both the farmer and the consumer?

Many official investigations have been started—but are still to be heard from.

Many promises have been made—but are yet to be kept.

Many people are wondering how long this condition will continue—

Because, as a matter of fact, they will keep on wondering. But there appears to be no one with moral physical and POLITICAL courage enough to unearth the robbers and give them their just deserts.—Mt. Sterling Gazette.

A small frame structure only 16x20 feet, it represents a total amount of resources which might easily be the envy of a much larger banking house, for its stockholders are conservatively estimated to be worth upward of \$2,000,000.

## A Shabby House or a Shabby Mind

Have you been in houses where lovely flowers stood all about, and everything was spick-and-span, but the library table was strewn with papers and magazines of the trashiest description? It is a good thing to have the furniture of the house the best that money can buy, and to furnish the mind with silly and disreputable things in the way of reading? Better by far have a shabby house than a shabby mind. The shabby furniture can be burned or sold, but what can be done for the shabby mind? Use the Youth's Companion to furnish your mind, and wherever you are—in plain but immaculate rooms or amid splendors and palaces—you will be at home. Try The Companion for a year and see.

and the good medicine it was, I had been having a tired feeling when I'd get up in the morning. I would be stiff and sore, and had a slimy, bad taste in my mouth, but didn't think so much of it till I began to feel stupid and didn't feel like eating—then I knew I needed medicine. It was then I began Black-Draught, and I felt all made over, ready for any kind of work, ready to eat and sleep. So, for any return of this trouble, I take Black-Draught, and for 25 years it has been my medicine, and I wouldn't be without it at all. My work is constant. I am on my feet a lot. I am out of doors, and fresh air and Black-Draught are all the medicines I need. I recommend it to others for I know it is good."

## Real News.

I have decided to reduce the large stocks of Merchandise that I am carrying, as much as possible before January 1st. And I am going to sacrifice quite a bit to do so. I am fully aware of the scarcity of cash and realize that you are going to expect more than usual for your money. I have made preparation for just such conditions, and feel free to assure you that you are going to find unusual buying opportunities during this sale. Now you may not be aware of the fact that practically everything that we handle has advanced from ten to twenty percent in the last four months. We know that it is hard to convince the buying public of this fact in the face of already high prices; however I feel sure you will feel the effects of the advances in the early part of 1923. So it is timely advice to the wise to buy your feed, flour, meat, lard, and more especially your Shoes and Clothing as early as possible. Save your money and wait for our sale which is coming soon as we get ready. We will have values that you will not be able to secure again for some time to come, as we will sell quite a lot of Merchandise at less than we can replace it for. And the stock will be complete. You should be able to find most anything you want in Ladies' Suits, Dresses, Waists, Sweaters, Hosiery, and heavy piece goods of every description. Men's Furnishings in everything, Suits, Shirts, Underwear, Sweaters, Hose, Caps, Hats and Shoes. See next week's issue of this paper for announcement of date and some STARTLING PRICES.
